Tiffany Hong, MD

3801 Gaston Ave • Suite 200 • Dallas, Texas 75246

3/29/2026

To all my patients:

It is with mixed emotions that I send out this letter formally announcing my retirement on May 29, 2026.

I cannot believe how fast time has flown to get to this point of retirement. It has been a true honor to care for you, help you safely grow your families, and to assist you in staying as healthy as possible. Thanks for the trust you put in me: it is not something I ever took lightly. I believe being a physician is a sacred responsibility, and I always tried to live up to that standard.

In planning my retirement my partners and I worked diligently to make sure we had new physicians who I know will make the transition an easier one. Dr. Richard Wagner and Dr. Tiffany Hong have joined the practice after being in practice in Irving and Frisco respectively. They each have over five years of experience and are hand picked to care for my patients. In addition, some of you have connections already with Dr. Ashwin Gaitonde and Dr. Linden Collins from the years they have covered for me, and you are welcome to reach out to them to take over your care. We also have a new younger physician who is just finishing his residency and will be joining our practice also. His name is Dr. Walker Boyd and he will be taking patients starting in September.

I want to let you know that your records are easily available to you if you plan to find another physician outside our practice. Please contact our office at 214-823-9630 or write us at

Obstetrics and Gynecology Associates of Dallas
3801 Gaston Avenue, Suite 200
Dallas, Texas 75246

If you need to reach me after my retirement date my contact information is below.

I have enjoyed working with you all very much and wish God's Blessing upon you and your family in the years to come.

Sincerely,

Steven A. Harris, MD, MPH
